TAX CONSULTANTS AND ACCOUNTANTS

Tax, a real hurdle for some

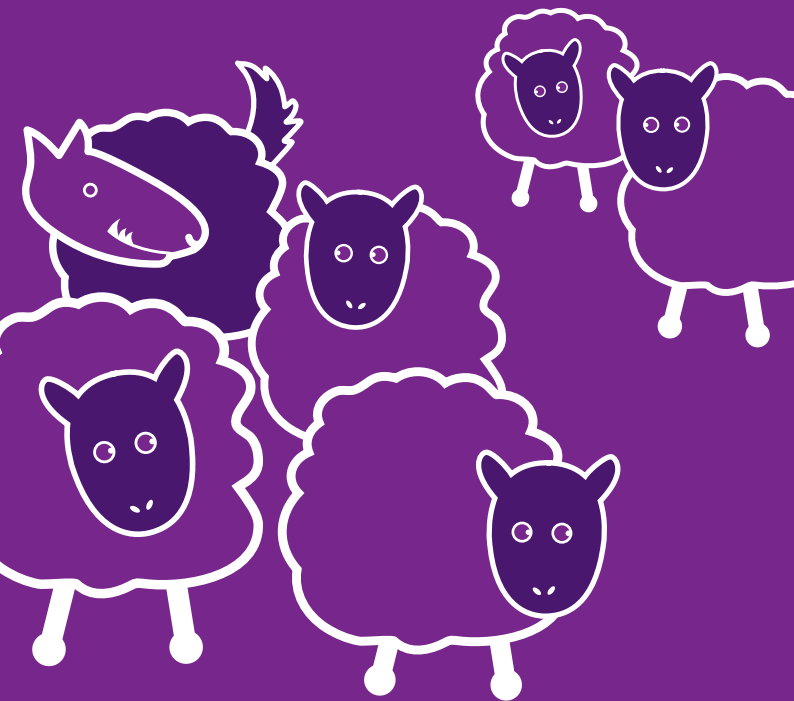

At Cobhams we understand that for some their tax bill feels a little like being turned over, and then shorn within an inch of your life.

Not fair, but Tax and Accounts are an inevitable fact of life.

Accountancy can make
the best of us feel sheepish

But it doesn't have to be like that.
If you had an accountant, who spoke in a
language you could understand and of whom
you could ask the simplest of questions -
then things could be so different.

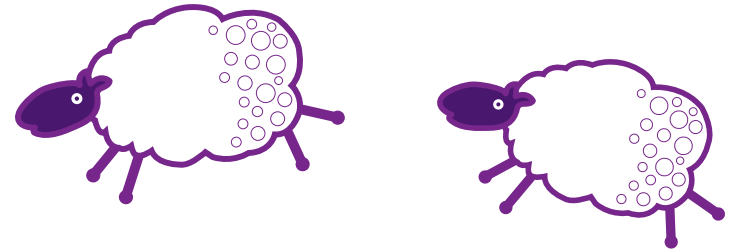

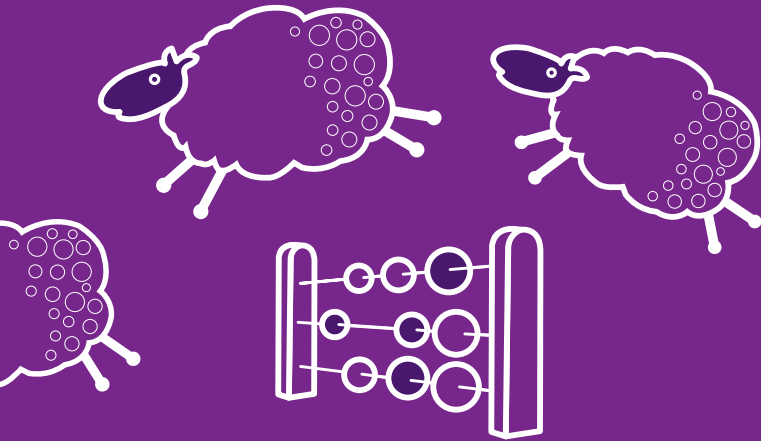

Someone who knows a wolf from a lamb

Cobhams is headed by Pat Cobham.

Pat is a highly experienced ex-Inland Revenue Inspector. What she doesn't understand about Taxation isn't worth knowing. With 30 years in the business, she encourages the best from an experienced team. Delivering an amazing service.

We do the accounts so you
can rest easy

Cobhams want to take the pain out of your accounts.
We want you to feel confident and secure
so that you can enjoy your business
enough to make leaps and bounds.

Try us, see how we feel

We take a softer, more touchy-feely approach when it comes to tax and accounts.
